

HIPAA – Health Information Portability and Accountability Act

We protect your privacy in every way possible. Our office strictly adheres to the HIPAA law. All employees are fully trained on HIPAA guidelines and all of our office technology is carefully designed to provide maximum protection of your personal information. We never share your information with anyone not directly involved with your care, insurance or billing without your consent.

All patients must complete and sign our HIPAA policy form. All patients are also requested to present their photo ID at each visit. These are HIPAA requirements specifically designed to protect your identity from misuse. Please refer to our “Notice of Privacy Practices” posted in the lobby and on our website.
